Policy Management Advising Form

Policy Management majors develop and learn to apply complex problem solving skills across a wide variety of institutional contexts (in the public sector, in the private sector, and in international settings). **Policy Management** majors also take an ethics elective and an internship which must be approved by the student's PM advisor. Use the color-coded advising sheet below to follow the advised course of study in the major.

Note: This is only a suggested "course flow" strategy. Your pace and timing may be somewhat different, depending both on when the decision to declare the major is made, and what other academic goals (e.g., study abroad; Washington semester) are in play.

Freshman year | Sophomore year | Junior year | Senior year

Category	Courses		√
